

## Pre-training readiness quiz

Check if you're ready to learn how to develop a podcast by taking the Podcast planning readiness survey.

---

Begin

## Question 1

Do you have an audio recording software (Audacity, Adobe Audition, or other) downloaded so you can record and edit audio for your podcast?

---

Yes

No

## Feedback

Great! You'll need it in a minute.

Continue to the next question.

---

Continue

## Feedback

Go to the Audacity website and download the free software to your computer:

<https://www.audacityteam.org/>

---

Continue

## Question 2

Do you know how to record, edit, and download audio recordings to .mp3 files using a software such as Audacity or Adobe Audition?

---

Yes

No

## Feedback

Great! You'll need to use those skills later in the training.

Continue to the next question.

---

[Continue](#)

## Feedback

Take some training on Audacity or Adobe audition on YouTube, or review the resources on this training website:

<https://bentsenmary.wixsite.com/website>

---

Continue

### Question 3

Do you have a script or outline for a podcast that is at least five minutes long that you can use for practice during the module?

If not, that's OK. You can use the sample script provided on the training website to perform the practice activities.

---

Yes

No

## Feedback

Great! You'll need it in a minute.

Continue to the next question.

---

A red rectangular button with rounded corners, containing the word "Continue" in white text.

Continue

A wooden floor with vertical planks, visible at the bottom of the screen.

## Feedback

That's OK. You can use the sample script provided on the training website to perform the practice activities.

---

Continue

## Question 4

Do you have a quiet place to record audio?

---

Yes

No

## Feedback

Great! You'll need it in a minute.

Continue to the next question.

---

Continue

## Feedback

Try to find one.

You can also try to apply noise reduction effects later and cut out errant noises using audio editing tools.

---

Continue

The end

Complete the recommended prerequisite training, or continue with the next section of How to Create a Podcast training when're ready, as needed.
